Earthquakes: <http://endoftheamericandream.com/archives/is-the-new-madrid-fault-earthquake-zone-coming-to-life>

One interesting theory is that the "oil volcano" unleashed by the BP oil spill in 2010 may have sparked renewed seismic activity in that part of the world.

Jack M. Reed, a retired Texaco geologist-geophysicist, has been carefully studying the geology of the Gulf of Mexico for over 40 years. Reed is convinced that the Gulf of Mexico is currently tectonically active, and that the Gulf of Mexico is the source for most seismic activity along the New Madrid fault.

According to Reed, there is substantial evidence that the New Madrid fault zone is directly connected to "deeply buried tectonics" in the Gulf of Mexico....

"This entire zone through the United States is suffering some type of tectonic activity that I believe is tied to the deeply buried tectonics in the Gulf of Mexico."

So did BP disturb those "deeply buried tectonics" by drilling such a deep well and unleashing all that oil that flowed into the Gulf of Mexico?

2010:

Clearly **the BP Deepwater Horizon** event remains the question mark of the year. My take: this will come back to haunt us. Lots of weird occult signatures, murky details from the corporate two boys...a body count of potential whistleblowers...Julian Assange/Wikileaks---a giant tempest in the teapot all planted to discredit legitimate info and whistleblower sites...Assange a likely mindcontrol kiddie turned geek international gadfly...really nothing to see here but the spectacle of MKUltra spawn...the financial continues to tank...slowly, ever so slowly---don't want to jar the sleeping masses too hard, they could revolt...clearly China is going to cash in its chips for the land grab, and Russian Mafia now runs Hollywood...Hollywood land of equal opportunity victimization...really the new kids on the block: the Disney tweeners now maturing into future Lindsay Lohans and Britney Speers---Miley Cyrus taking bong hits on YouTube...the Jonas Brothers say "no" to groupies...the year of Justin Bieber; but the REAL action was in the lawyers' and bankers offices where they are fond of "liquidating" declining assets: Randy Quaid's press conference revealing how he was fleeced by managers, lawyers, his own brother...take off for Canada to avoid the "star whacking" so dominant in the history of T-Town...name checks Heath Ledger, David Carradine, Chris Penn...a few weeks later publicist Ronni Chasen is gunned down Chicago-style ... a West Hollywood drifter brags he did the deed, then offs himself when police visit...more mind KONTrol...Polanski continues to walk the Earth...a Satanic predator and pedophile...poster boy for success in Hollywood.

TV and films continue the real "disclosure"...ETs everywhere: 'V' resurrected, The Event shows the "human face" of trans-dimensional aliens...Exopolitics fails to stir the politicians who already KNOW.."Avatar" and "The Last Airbender" show us why the dark side is winning...A rumored vortex in the Gulf of Aden...contact?

Dislose.tv:

"According to a report allegedly prepared by Admiral Maksimov of Russia's Northern Fleet, in late 2000, a magnetic vortex was discovered in the area of the Gulf of Aden. Russia, the PR China and the USA joined efforts to study what it was but discovered that it defied logic and the laws of physics.

The USA set up a center of operations in Djibouti, which soon became the HQ of the Combined Joint Task Force - Horn of Africa (CJTF-HOA) and monitored the vortex, which remained stable from its discovery in November 2000, according to the same report, until late 2008, when it started to expand. This, it appears, caused the USA to send a warning to the rest of the world and in response the following nations poured their military resources into the area:

This is the largest naval force to have been assembled in human history. And it has been gathered to defeat what, half a dozen poorly, armed youngsters in cheap speedboats? What is going on?"

whatdoesitmean.com:

"A new report prepared for Prime Minister Putin by the foreign military intelligence directorate ([GRU](#)) on the thousands of secret documents belonging to the [United States](#) leaked by the European whistleblower site [WikiLeaks](#) says that [President Obama](#) and US Secretary of Defense [Robert Gates](#) were put into what the Americans call their "**2012 ALICE (going down the rabbit hole?) Dislose.tv: *Assange again:*

"Now, perhaps, we are beginning to understand the campaign against Wikileaks, the Chinese panic against Google and the rest of the hype, for the spider at the center of the Web is not US diplomatic staff mouthing their personal opinions or saying Gaddafi goes around having intellectual conversations with a Ukrainian blonde, but indeed the Gulf of Aden Vortex file, which Assange has in his possession."

Cyber wars predicted---WikiLeaks and the WikiRebels

I am not endorsing WikiLeaks, Julian Assange, or the CyberWar rebels (who may not be rebels, but knowingly or unknowingly, dupes of the global cabal)...my prediction and this follow up are merely reportage---from the prophetic to this most recent news....it is not the end of the matter, just a first wave assault.

The recent media furor over Wiki Leaks and it's founder, Julian Assange reminded me that I had a prediction on the table regarding cyber wars. During last week's cyber attacks on MasterCard, Visa,

PayPal, and other major targets, cyber hackers acted in defiance of the global system and began a proactive defense of the WikiLeaks, slamming servers once believed impenetrable.:

[Pro-WikiLeaks hackers may be hard for U.S. to pursue](#) - NEW YORK | Fri Dec 17, 2010-a group of Internet activists working under the name Operation Payback claimed responsibility for the attacks, which briefly shut down the websites of several companies that had cut off services to WikiLeaks after the whistleblower organization last month made public a massive trove of secret U.S. diplomatic cables. ["WikiLeaks' Next Target: Bank of America?"](#) *The New York Times*. December 2, 2010.

This article was posted to the Threshing Floor Blog on October 23, 2009---a full year before the WikiLeaks inspired attacks. The cyber wars are just beginning

Tech Wars: The near-future battle For the internets

By Randy Maugans ? October 23, 2009 ?

Filed Under tech kiddies, tech wars, the real info wars

<Excerpted>

I predict one of the great wars of the near-future will be tech wars on the web.

... Poland, the Ukraine, the former Soviet satellite states all hold untold numbers of young, tech-savvy expatriates who hack, crack, and exploit for the sheer joy of confounding and infuriating their counterparts in the military, intelligence, and industrial-financial systems.

These "cyber-kids" hold no allegiance to any government, any currency, or laws---national or international. They use the system's assets to their own advantage and are often scouted for their prowess with network security holes. An entire generation of young people---raised on technology in the volatile political climate of Eastern Europe---are the recruiting grounds for the REAL "Info Wars"---wars where the ability to game sophisticated networks, hack complex software, and manipulate encryption will be key to "liberating" hard assets like money, food, munitions, electrical power, and battle-winning data.

WARNING

A note here: we are now in the generation raised on the high tech which came forth in the 1980. The technology---computers, internet and all the related tech regalia---are NOT new, NOT of human origin; but thousands year old technology derived from the ET/Annunaki. The "tech" was planted into the human stream of history BY the Annunaki through their human symbiants at the highest levels of human governance....NOT for freedom/liberation, but ultimately ENSLAVEMENT.

We have been, and are, being altered by tech. Strange coming from me, someone DEEPLY entrenched in it...this is a WARNING...we have little time left to begin extricating ourselves from this grim venue. Our minds, souls, consciousness, and eventually our spirituality will become enmeshed into the technological juggernaut.

The human brain and the human genome are physical manifestations of our spiritual oversoul...the ETERNAL structure of our existence on this dimension and in the eternal. While right now we can USE technology, there is a point of no return...as our consciousness is speeded up, our neuro-pathways re-wired, and our very consciousness is co-opted by nano level behavioral modifications which, in turn, move toward the MACHINE stage of what is called "evolution".

Furthermore, people now spend endless hours of time online gathering and spreading "information"...these packets of "information", while many times factually true, are also seeds of attention re-direction away from our core spiritual connections to the Eternal, the Godhead, the Christ---toward "another" state---"another being"...another "kind" (read Spielberg's 1977 film, "Close Encounters of the Third Kind", and [Olatunde Osunsanmi](#)'s 2009 film "Fourth Kind")...we ARE being systematically ASSIMILATED, re: Rodenberry's "borg" in Star Trek TNG.

Add to this the mobile devices...phones that people now have eternally in front of them and it is clear we do not need to be chipped...we are chipping ourselves. What if: all the nano particles in chemtrails are being seeded into our physical bodies as an information array for tracking, even monitoring thought? How about the "pre-crime" scenarios of "Minority Report"? Via the phenomena of texting, we are also seeing a rapid decline in higher level communication...the linguistic minimalism of Francis Bacon and the Rosicrucians reaches it's nadir in reducing us to vowel-less, monotonic new-speak...makes the telegrams of the past era seem elegant!

Some off-the-cuff predictions:

- More revelations to come of the Deepwater Horizon event---this was NOT an oil spill, as in accident---it was a carefully stage, ritualistic opening of a deepwater vortex which triangulates with Haiti (earthquake), Chile (earthquake and the creepy 69 day entrapment of 33 miners who emerged on the 7th day (69+1) in the Phoenix (*Fénix 2* rescue) capsule t 10 seconds after midnight on October 13, 2010---no one makes these kind of numbers up---and the Gulf of Aden/Horn of Africa (stargate)...on global ley lines calculated on the Baalbeck hypotenuse (http://www.youtube.com/watch?v=Bbr_6JfbNhQ)...[more](#) to come on WHAT this means.
- I have long felt that Barak Obama would not finish his term (singular)...what that means is also veiled somewhat because I do not necessarily mean he will die in office...although he could. More specifically, 2011 will be the year of decision for Obama. I said in 2009 that Obama would have a "dark night of the soul"...a decision point where he would have to choose.

Clearly, Obama has been the definition of empty suit in his term so far...his sole victory is the health care bill, which also faces challenges as the new Congress with a Republican House is seated...time will tell, but the bill will likely be gutted---and not in favor of the "public". There is something dark in Obama's past, specifically in Chicago, which may rise up to bite him and it could be a scandal of monstrous proportions. Is this why Rahm Immanuel, his handler, left to run for mayor? (speculation)

Forces could move very quickly to “remove” Obama...or fatally “wound” him, likely in the later part of 2011, as his weaknesses are no longer concealable. He could “go” in one of three or four ways: the way of Kennedy (bullet), the way of Reagan (bullet, no death), the way of Nixon (impeachment/resignation), or the way of Clinton (impeachment but no resignation, just an unhealable scar that precludes a second term.)

Pray for him...as scripture does tell us. His removal could bode for a far worse alternative...and it may not be Biden. Coup d'états in America are often bloodless... martyrs make the real power that be uncomfortable!

- We ARE being primed for an ET “revelation”...the fallen ones (Annunaki) and their symbiant synthetic soul harvesters, the grays, have stepped up their activity immensely in the past five years. The ETs have sown technology into humanity to draw us directly into an inescapable trap set by their master, satan. The global elite are servants of the fallen ones, and the global elite are RUNNING OUT OF TIME . This year we will see the walls of disbelief over alien presence begin to evaporate. The days of the skeptic are numbered.

The London 2012 Olympics look prime for a “V” like scenario.

- Related: Queen Elizabeth II is not long for her mortal coil...the marriage of Prince Willian to Kate Middleton on April 29 this year is a clock ticking on QE 2...Charles will never be king, but the blood sacrifice of Diana paves the way for the new king and his Aurthurian princess.

The CHURCH is officially DEAD:

We move on to the burning questions: what is the state of GOD’s people? In fact, where ARE they? The Church (capital “c”) is a monolithic mind control hive full of mindless drones who spout scripture from rote and parrot the black-robed priest who takes their money as fast as their souls. Even by their own terms they are failing...Robert Schuller’s Crystal Cathedral files bankruptcy (I predicted this would begin occurring a year earlier)...

END-PART 1

BEGIN-PART 2

Don’t get me wrong: these may be well-meaning people, but they are zombies and they do not walk in the promises of Christ. Like the world, they are sick, dying, plagued with demons (sounds like Israel at the time of Christ), obsessed with material goods, as worldly as the world, sexually perverse, and operating on every level of the world system’s “game.”

It wouldn't be so bad having them quote "scripture" but they don't even THINK...they can't THINK. I am becoming intolerant of people who just drop verses like balls on a tennis court...watch them bounce! C'mon people...the Glory of God FILLS the Earth...yet you hold onto to 66 books like they explain everything. And if it's outside the 66 books, it is FORBIDDEN or OCCULT (occult means "hidden" and the Bible, itself, is largely an occult book)...Christians are so quick to tag someone (me, maybe?) as a "new ager" when we talk about philosophy or metaphysics. The dark side has the MOJO because YOU gave it to them!

And the people who "came out" of the corporate 501(c)3s are still religious...talking like Olde English scripture spouters..."Where is THAT in scriptcha, BROTHER?" God wrote 66 books...no more...and we live by them and nothing else. Really? Do you not know that YOU interpret scripture daily? Cut-and-paste scripture quoters..."well, the BIBLE says...BROTHER. "

"...not of the letter, but of the spirit: for the letter killeth, but the spirit giveth life."-2 Corinthians 3:6

So WHO said THIS book is HOLY? Who tacked that on? Could we not just call it scripture and allow for revelation on a personal level? What is God saying to YOU (Well, I gotta check my Bible...it HAS to line up...) This year I have finally allowed God to breathe...look, I love the Bible for what it is, a preserved record of SOME of what GOD wanted to tell us; BUT...we have NO original autographs of any of the books...even the Old Testament was lost ultimately...and then re-transcribed by Zerubabel under the inspiration of the Holy Spirit. Bear in mind our existing Old Testament Books date only to about 400 BC.

Even worse, comes the question of the Apocryphal Books---which did appear in the 1611 KJV, but were later redacted . Even the German Luther Bible contained them..."as an historical reference only" ...

WHO decided to remove these books? Even though they are not "inspired" and some of the narratives are clearly not even historically accurate or verifiable, they were written and a part of the wider text that informed the history of the movements of God...this is how we get the mythical "430 year silence between testaments"---a complete fabrication taught in many Evangelical churches: "God was silent for 400 years."

Alexander McClure, a biographer of the KJV translators, says: "...the Apocryphal books in those times were more read and accounted of than now, though by no means placed on a level with the canonical books of Scripture"

Well...let's look at the OFFICIAL stance of the "Authorities""

The Thirty-nine Articles of the Church of England clearly states that the Apocrypha have no scriptural authority. "...[the Church of England] doth not apply to them to establish any doctrine." The Westminster Confession says, "The books commonly called Apocrypha, not being of divine inspiration, are no part of the canon of the Scripture; and therefore are of no authority in the Church of God, nor to be any otherwise approved, or made use of, than other human writings."

The Protestant scholar E. G. Goodspeed once wrote:

“[W]hatever may be our personal opinions of the Apocrypha, it is a historical fact that they formed an integral part of the King James Version, and any Bible claiming to represent that version should either include the Apocrypha, or state that it is omitting them. Otherwise a false impression is created.”
[Story of the Apocrypha (Chicago: University of Chicago Press, 1939, p. 7)]

The King James “Apocrypha” had a much more integral roll in its early editions than simply being an appendix unconnected to the two Testaments. Instead, the 1611 King James Bible included (like the Geneva Bible) cross-references from the Old and New Testaments to the so-called “Apocrypha.” Like modern cross-references, these were meant to refer the reader back to the text cited in order to provide further light on what had just been read. There were 11 cross-references in the New Testament and 102 Old Testament that referred Protestant readers back to the “Apocrypha.” (http://www.handsonapologetics.com/King_James_Bible.htm)

What was the inconvenient tale these cross-references told? They showed that the so-called Apocrypha actually plays a much greater role that most modern Protestants are willing to admit. Moreover, the cross-references showed that the church believed that knowledge of the so-called "Apocrypha" and their use in the New Testament benefited Christians who wished to understand the Bible. Sadly today, many Protestants use the King James Bible have been handed on to them in an unaltered and uncompromised form. The reality is that its contents had undergone several substantial changes beginning with Martin Luther's gathering together the Deuterocanon and placing it in an "Apocrypha" appendix and later when that appendix (and its cross-references) were removed altogether from Protestant Bibles.
(http://www.handsonapologetics.com/King_James_Bible.htm)

So, tell me again that your present day 66 books of the KJV is THE Word of God? If “they” can so readily redact the Bible in plain view of history, what did they do in the dark chapters of the 3rd and 4th centuries?

The lost Apocrypha of the Old Testament

their titles and fragments

collected, tr. and discussed by Montague Rhodes James. Published **1920** by [Society for Promoting Christian Knowledge](#),

http://openlibrary.org/books/OL23316290M/The_lost_Apocrypha_of_the_Old_Testament

How much knowledge have we lost? You say: GOD is able to preserve His Word. I agree He can, but MAN is given free will. Free will to choose to destroy, hide, obfuscate, corrupt, and otherwise manipulate the record. Somehow all this was foiled when the Dead Sea Scrolls were discovered in

1946...they include the oldest known surviving copies of Biblical and extra-biblical documents and preserve evidence of great diversity in late [Second Temple Judaism](#). The scrolls are traditionally identified with the ancient [Jewish sect](#) called the [Essenes](#), though some recent interpretations have challenged this association and argue that the scrolls were penned by priests in [Jerusalem](#), [Zadokites](#), or other unknown Jewish groups.¹

The Dead Sea Scrolls are traditionally divided into three groups: "[Biblical](#)" manuscripts (copies of texts from the [Hebrew Bible](#)), which comprise roughly 40% of the identified scrolls; "[Apocryphal](#)" or "[Pseudepigraphical](#)" manuscripts (known documents from the Second Temple Period like [Enoch](#), [Jubilees](#), [Tobit](#), [Sirach](#), non-canonical psalms, etc., that were not ultimately [canonized in the \[Hebrew Bible\]\(#\)](#)), which comprise roughly 30% of the identified scrolls; and "Sectarian" manuscripts (previously unknown documents that speak to the rules and beliefs of a particular group or groups within greater [Judaism](#)) like the [Community Rule](#), [War Scroll](#), [Peshar on Habakkuk](#) (Hebrew *peshar* פֶּשֶׁר = "Commentary"), and the [Rule of the Blessing](#), which comprise roughly 30% of the identified scrolls.

So, those who disclaim out of hand the Qumran manuscripts reject the dominant group which corroborates the Bible...but what of the "other" books---pseudipigraphical/apochryphal? Who got to decide they were of lesser value based on the "canonization" by so-called "orthodoxy"---that would have been ROME? Isn't it interesting how we use buzz words to confine knowledge? Don't YOU have the Holy Spirit to discern from? Do YOU need "authorities" to tell you how to think about writings which can help clarify the history or even the beliefs of our spiritual forbearers? This sounds a LOT like mind control...and it appears to have bitten "them" on the butt in 1946---but they did drag their heels on the work of translating and preserving...enough time for the dour FUNDAMENTALIST priests to sharpen their pens and begin the "clean up".

This is where my head is at in early 2011. I have spent a great deal of my life in the scriptures...I know them well. Well enough to be dispassionate in searching for TRUTH wherever it exists. Honest enough to ask the questions that most Christians think are heresy. Honest enough to smell the cover-up that VERY few will even entertain.

Our professions of faith have been bound by the 66 books---and even worse by the UNDERSTANDING of those books, based on a closed reference system ---and closed minds. This is the epitome of a **cult!** We've been under covers of this book we call "HOLY"...and yet history conspires against such a narrow view. WHAT IF by going out of the covers we find a new richness in our faith? What if we are forced to re-define what we believe...challenge our assumptions...begin to bring in new information and new views? What if what GOD wants us to do is trust HIM enough to take us in another direction? What is our survival, spiritually and naturally, relies on broadening our scope, deepening our inquiry, and discovering that RELIGION has lied to us about WHO we are...who Christ really was and what He said and did)...What if we are finally able to break the barriers of the Roman Church who openly kept their people ignorant, shut off from the written word, and reliant of the priesthood for their understanding? What if GOD wants us to RIP OFF THE COVERS and discover truths that really were sealed up for this incredible time we now are entering. This is the SHIFT...this the challenge...this is the Threshing Floor; I'm Randy Mauagns...the TRUTH is out there...it's inside you...tear off the covers and find it!
